Alicia
Peden and
father

Proud father John Peden of Schlater escorts Homecoming Queen Alicia Peden from the field following the coronation on Trojan Field during Half-time of the Trojan—Ranger ballgame, Oct. 4, 1986. Peden had won the title through a campus-wide election in September.

Photographers capture moments in memory

Homecoming 1986 featured a musical tribute to all former members of the MDJC Band.

Royalty sat on a special bleacher near the gate, but they didn't stay there long, since it rained on Homecoming for the first time in many years. The Trojan lost their game to Northwest—a rarity for Homecoming, too.

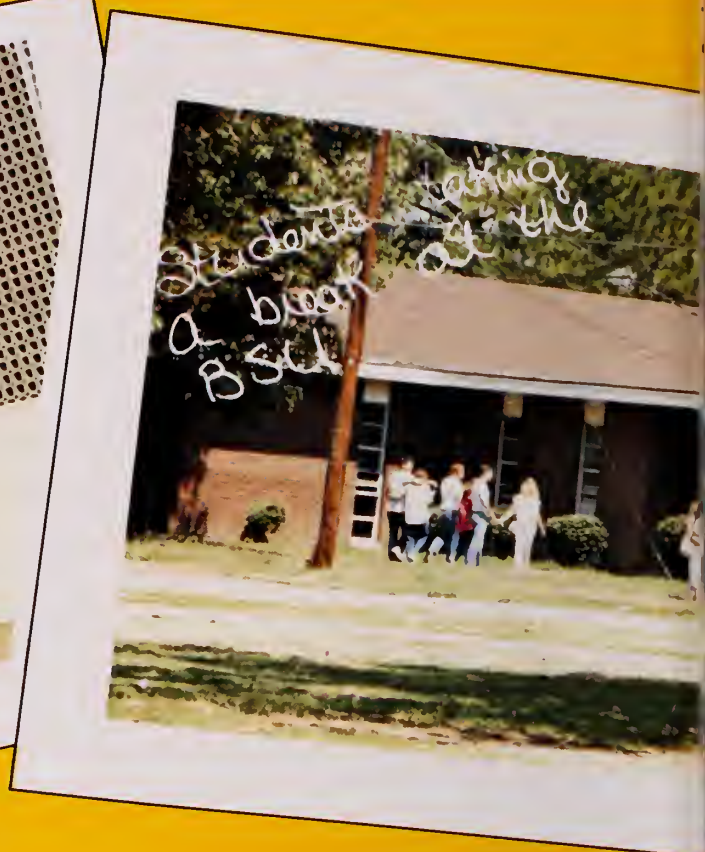

Photos create records that are uniquely ours

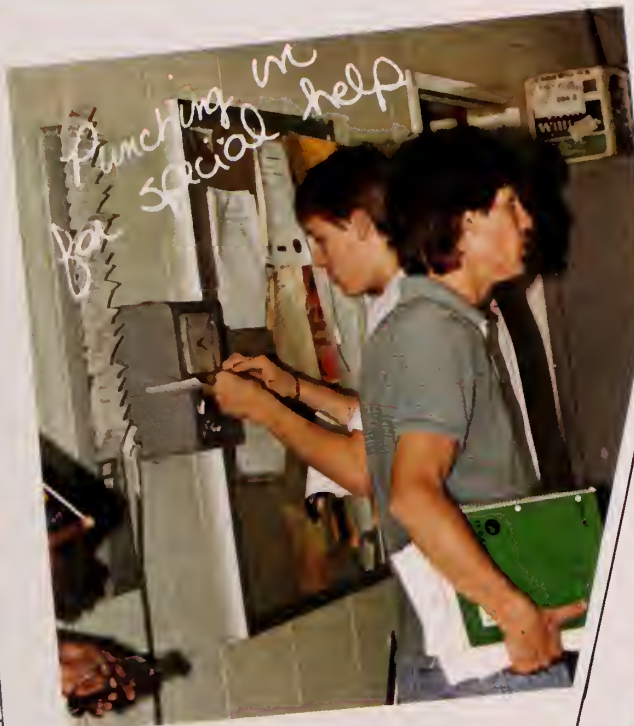

Posed and unposed, they capture 'decisive moments'

Memories flood our minds

with crazy-quilt patterns of color

Old photos jar us with unexpected emotion

almost too keen to bear

English, history, political science, and language students—not to mention accounting majors—will never forget Tanner.

Racing to the Coliseum is required when you have a class in Tanner the hour before.

Blue Photographer Helps Make Yearbooks Happen

The faculty member who has been chosen by the **1987 Retrospect** staff and its adviser as the recipient of this year's honor is noted for the following reasons:

1. he is a great guy who is an MDJC alumnus who returned to home-base to generously share his talents.

b. he is a "magic genie" at equipment repair

c. he can read staff members' and advisers' minds when they come up with zany ideas for pictures.

d. he can print impossible pictures

e. he has cheerfully helped yearbook photographers of the last five years out of some tough predicaments.

The staff offers this special kind of a "thank-you" to media center director Lawrence Kenneth.

Lawrence Kenneth

Casual Daydreams Reflect Isolated Moments

Ghostbusting, bonfires, and Macon Lake; 1 a.m. curfews and 8:20 a.m. classes; pool hall meetings, rainy football games, and study dates—these are just a few of the memories that have been etched in the heart of most every MDJC student.

College days can be both devastating and exhilarating for a teenager. Everyone remembers the nervous, queasy feeling in the pit of the stomach that appeared at the very thought of going to college and leaving high school friends behind. But, with the final hugs and well-wishes came the unforgettable moving day! The day that one packs every possible thing that he will need—only to discover, once he has arrived at college, that he has forgotten pens, pencils, and books!

Registration day is the most hectic day of the year; there are lines to walk through, buildings to find, papers to fill

out, checks to be made out, and the awful mugshots known as ID's! It seems that no matter how carefully planned the wardrobe is, or, how much time is spent on hair, it always turns out to be the worst photo in a student's life. And to think that horrible photo must be presented as an ID!

In the days that follow, students begin stuffing their bodies with every possible type of junkfood, dreading the day that the cafeteria opens. This year students were presented with a new wrapping—but it contained the same food.

Classes begin, and everyone hits the books. Little did the freshmen expect a teacher who talks to his chalk! Or, the teacher who assigns 10 chapters the first day. When essay-writing time arrives, it is not unusual for a teacher to end up with a pile of essays not containing a single fact!

With classes over for the day, there are a number of options for nightlife. First, there is the poolhall with tables, arcade games and the best hamburgers in town. There are parties at Macon Lake, a good location for bonfires. There is Baptist Student Union, Monday night Bible studies, Thursday night fellowships, secret-pal parties, and ping-pong tournaments. There are tennis games, basketball games, baseball, football and movies.

Exams are memorable too. Late-night studying, early-morning cramming, and a lot of headaches. When the grades are released, most students are satisfied.

Before anyone realizes, it is May again. Time for summer and goodbyes.

But the memories and good friends are never to be forgotten.

'Invisible Government' Becomes Visible

After several years of invisible actions, the SGA made the front pages of the student newspaper this year with its campaigns for an activity fee and its restoration of independent poll booths outside the classrooms for student voting. SGA Prexy Mike Steinwinder led these battles, and he continued to pursue new avenues of entertainment for dormitory students as well as for commuters. This group traditionally serves as liaison for students with the administration.

Trojan cheerleaders, selected in spring auditions, begin their preparations for the football season in August, too, just like the team. They undergo daily practice, following the directions of sponsor Paige Sabbatini. They prepare numerous signs for spirit boosters, and their weekly pep rallies added to the merriment early in the season.

Baseball—Spring of '86

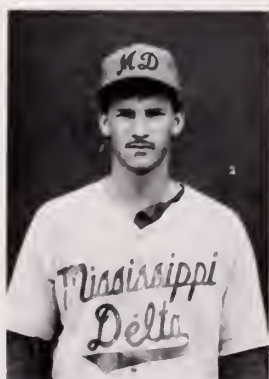

Coach Terry Thompson, a former Trojan, returned to home turf to take over the coaching reins from veteran Jimmy Bellipanni. He began an aggressive coaching and public relations campaign which, by the fall season, had attracted a very promising array of talent. The Trojans scheduled 30 doubleheaders in the spring of 1986. They trailed East Mississippi in state competition, but with the fall arrival of a number of good prospects from Louisiana and Texas, things were looking and sounding very promising for the intercollegiate competition in the spring of 1987.

Coach John Vickers

Under the direction of veteran coach John Vickers, the Trojan men jumped off to an early string of victories including the season's opener against defending champion Hinds Eagles. Disciplinary problems beset them just prior to the Christmas break, but they rebounded strongly in the second half of the season which ended in late February. Leading scorer and rebounder for the Trojans was Fred Lenard. Second in scoring and assists was Leslie Taylor.

Intercollegiate Golf Joins Spring Sports Schedule in '86

Coach Paul Downs wound up his last season of MDJC track with another winning season. His players broke some state records, but finished second in the state, primarily because of player absenteeism in the final meet of the season.

Because of his love of the sport, Financial Aids Director Joe Ray added the coaching of an intercollegiate golf team to his already busy schedule. Ray's team scheduled three regular-season tournaments and competed in the state and regional golf tournament at Hinds April 29-30.

Golf team members are (from left) David Langley, Bill Markham, Leo Whatley, Charles Wilkinson, Damon Goss, and James Sory.

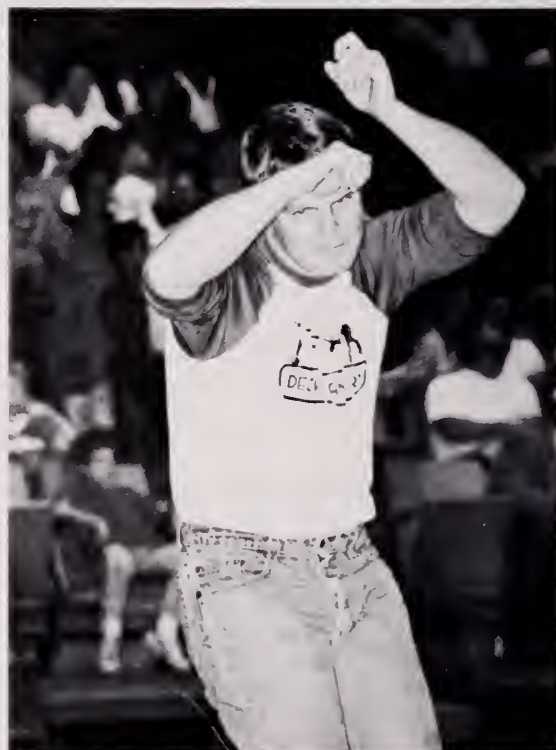

(left) Coach Paul Downs and (right) Managers Deander Stevenson, John Frederick, and Tony Smith

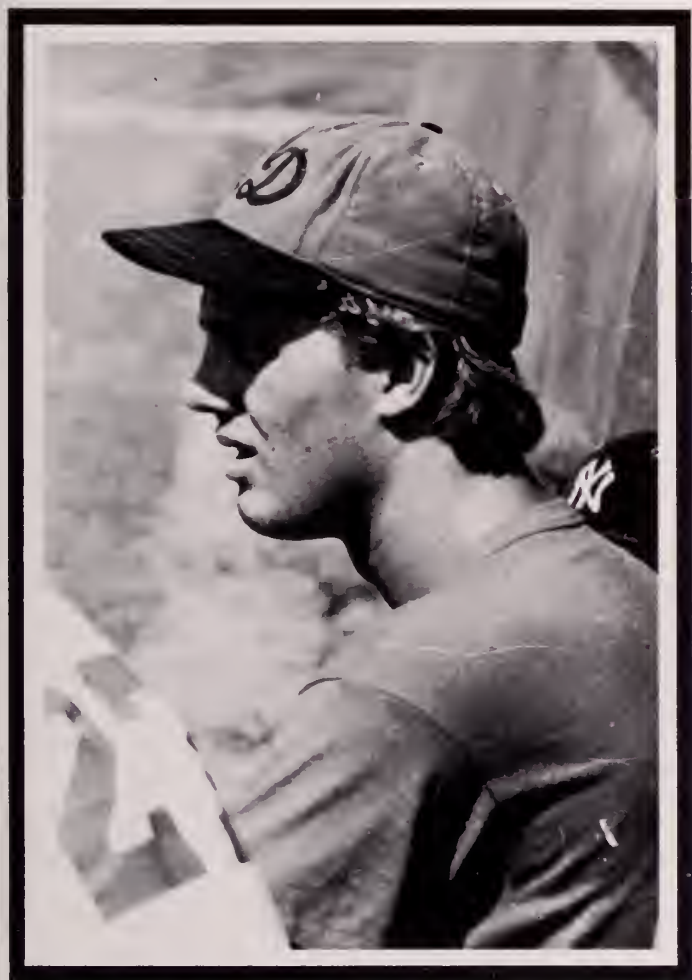

Banquet Honors Athletes

Jimmy Bellipanni, athletic director, coordinated the All-Sports Banquet held April 28, 1986, in Vandiver Union Cafeteria. Athletes, coaches, and special guests enjoyed a buffet dinner featuring entrees of fish and beef. Nearly 300 people attended the event where special entertainment was provided by "Mr. Magic", Wardell Herring. Dr. Allen Snowden emceed the event.

Vo-Tech

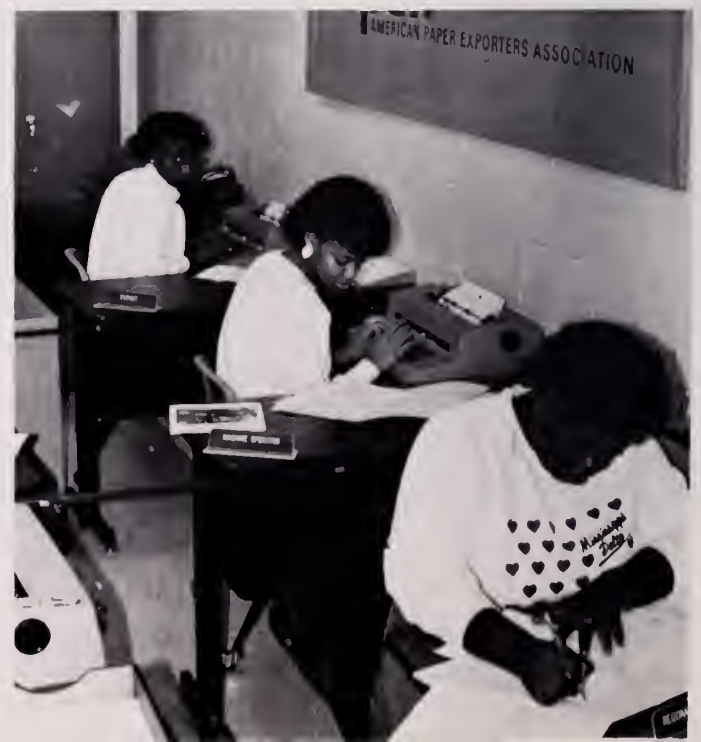

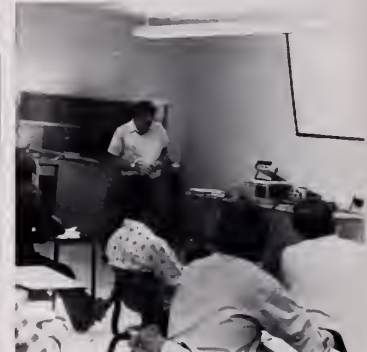

Major industries are moving into the Delta, and MDJC is a major factor in their decision to do so. MDJC provides vocational and technical training in 24 major areas and will add more soon. Vo-Tech students move in a special world of their own inside the vo-tech complex. Trying to tell the story of this and many other diverse programs at the college is a major challenge for a year-book staff.

*Jan. 27, 1987 at 5 o'clock
in the afternoon*

Division pages are done in 72Pt. Mead Bold, all other faces are Melior. Special acknowledgements should go to Jean Abrams for her help with the cover, to Lawrence Kenneth for his help with feature pictures, to Joe Wilson for two pictures, and, most of all to Lou Johnson to Herff Jones for all of her help in making this publication possible.

So, it now ends . . .

I could wax poetic and write of rosemary and rue, and perhaps winter bittersweet.

But, that line of thought brings on a flood of memories—mostly of pictures never taken—the Italian grandmother, her earthy and eloquent hands snipping springs from the first fresh rosemary I'd ever seen,—the spastic student so palsied that she had been a special school-student until she came to Moorhead, proffering a quart of pecans that she had shelled herself—the sight of a burly football player printing his first picture in half-amazement—all pictures too personal perhaps for a school yearbook, but, nevertheless, part of the personal treasure of memories every yearbook adviser is privileged to experience.

Rueful staff members always wish that there had been time and space for more pictures but like the first buds of the bittersweet, their first efforts shrivel under the frost of criticism; making schedules even tighter. Yet, the Brendas, the Pams, the Traceys, the Staceys, and the Stephanies I've worked with through the years have grown hardier under days of adverse conditions, and what has emerged is, they hope, a more vivid book of personal recollections that all students will hold dear.

And certainly, as 19 years of advising a yearbook staff come to an end, I leave a much more seasoned adviser.

—Laney Wooten
